

WOMEN IN UGLY
FRAME OF MINDBritish Suffragettes Threaten to
Take Human Life.

PREDICT REIGN OF TERROR

Sentence of Three Years Imposed on
Mrs. Pankhurst Arouses the Fury
of Her Followers and at Widely
Scattered Meetings Speakers In-
dulge in Flery Utterances.London, April 4.—The sentence of
three years' penal servitude imposed
on Mrs. Emmeline Pankhurst, the
leader of the militant suffragettes,
has aroused the fury of her followers
and they threaten strong reprisals.One of the militant leaders, in an-
nouncing the intentions of the suffra-
gettes, went so far as to say that even
human life would no longer be respect-
ed. In London, Glasgow and other
places throughout the country enthusi-
astic meetings were held and every
mention of Mrs. Pankhurst brought
forth loud cheers.One of the leaders, whose name is
suppressed, gave out the following
statement:"Human life is now in peril, for we
have resolved no longer to respect it,
and trouble of all sorts must be
faced."This statement did not cause sur-
prise, for the women, who at first only
set fire to unoccupied houses, have
made attacks in the last few days
against occupied residences.At Glasgow Mrs. Johns, one of the
most militant among the suffragettes,
declared that the militancy of the past
would be "the merest pin pricks to
what would happen almost at once all
over the country." She described what
the women intended to do as "the
coming reign of terror."

"More Than Stagger Humanity."

Other women declared that what
they would do would "more than stag-
ger humanity."Scotland Yard, aroused by the
threats of the women, has sent out
warnings to owners and tenants of
property and the police everywhere
are taking unusual precautions.In closing a meeting held under the
auspices of the Women's Social and
Political Union Annie Kenney appealed
to those who were indignant at the
long sentence on Mrs. Pankhurst, to
come forward in the next forty-eight
hours and show their indignation by
some definite deed.It is always the lawbreakers who
make things go," she added.Miss Kenney said she wondered if
the judge in summing up realized that
instead of stopping the agitation to
win the vote he was only fanning the
flames."Do they think," she asked, "that
because Mrs. Pankhurst is in prison
the women are going to sit down like
a flock of sheep until she comes out?
Militancy will go on and it will be-
come more furious than ever."There is little probability of Mrs.
Pankhurst serving her sentence of
three years in prison for inciting per-
sons to commit damage. The suffra-
gette leader will undoubtedly be re-
leased under Home Secretary McKen-
na's new bill permitting ticket-of-
leave, which the suffragettes have
christened "the cat and mouse bill."

MRS. PANKHURST IS GUILTY

Militant English Suffragette Is Given
Three Years.London, April 4.—Mrs. Emmeline
Pankhurst, the leader of the militant
suffragettes, was found guilty and
sentenced to three years' penal servitude
at the Old Bailey sessions on the
charge of inciting persons to commit
damage in connection with the ex-
plosion at the home of Lloyd-George.When Justice Lush pronounced her
sentence he was greeted with hisses
and boos by the women in the court-
room, despite the efforts of policemen
to keep them quiet.The jurors, in delivering their ver-
dict of guilty, unanimously begged the
magistrate to show mercy to the con-
victed woman.Mrs. Pankhurst almost broke down
when the jury pronounced its verdict.

RIVER FLOODS MARINETTE

Homes in Three Square Blocks Are
Surrounded by Water.Marinette, Wis., April 4.—Marinette,
after sixteen hours of terrific down-
pour, is getting a taste of flood.
Homes in three square blocks are sur-
rounded by water. A ten-mile current
is flowing in Minneapolis street. A
half dozen families are cut off from
food supply and are suffering from
cold. The Menominee river is four
feet above the normal stage. Some
apprehension is felt for the safety of
dams.

FIND HUNTED MAN A CORPSE

Montana Murderer Takes His Own
Life by Shooting.Great Falls, Mont., April 4.—Lying
in a cabin several miles from the
sheep camp where several days ago he
killed Peter Wood in an unprovoked
attack the body of Thomas Roberts
was found by a posse headed by Sher-
iff Komers. Roberts had shot him-
self through the head with the same
weapon used to kill Wood.SEEKING RELIEF

SITUATION BECOMES GRAVE

Persistent Showers of Rain Add to the
Discomfort of People Living in Tents.
Gale Lashes the Ohio River into
Raging Sea, Which Sweeps Through
Gap in Levee With Tremendous
Velocity.Shawneetown, Ill., April 4.—With
the work of preventing further flood
damage practically abandoned Shaw-
neetown turned itself toward seeking
relief for the thousands of refugees
camped in canvas colonies behind the
town or scattered among country
friends in the hills. Provisions have
been running short since the town
has been cut off from the outside
world and the situation became grave.Expected relief from state and other
sources has not arrived, despite re-
peated appeals. When Captain W. K.
Naylor, representing the United States
army relief work, and J. C. Wallen-
meyer, state deputy inspector of
weights and measures, arrived on the
relief steamer Isabella and learned of
the threatened famine they immedi-
ately headed back upstream in quest
of supplies.Captain Lang, representing Gov-
ernor Dunne, had already gone up-
stream on a similar mission. He
started for Mount Vernon, Ind., to see
if the people there could not be in-
duced to come to the aid of the strick-
en people of Shawneetown. Word
has been received that the govern-
ment ordered rations sent here from
Louisville, but nothing of the supplies
has been seen.Unless provisions are received soon
many refugees will suffer extremely.
Their plight was made worse by per-
sistent showers that drenched their
canvas covering and made totally in-
adequate the few household articles
they had brought from Shawneetown.Ohio River Raging Torrent.
The Ohio was a river gone mad. A
twenty-five or thirty mile gale sweep-
ing straight upstream churned the
water in swells and billows that ap-
proached ocean proportions. The river
sweeps through the great gap in the
northern levee with tremendous ve-
locity and it is not impossible that it
will form a new channel straight
through the town.Scattering reports of great destruc-
tion and suffering caused by high wa-
ters in neighboring towns are received
here. At Uniontown, Ky., ten miles
up the river, Captain Naylor ordered
five days' rations, amounting to 13,000
pounds.Fifteen hundred persons are quar-
tered at the Uniontown fair grounds,
many of them glad to obtain accom-
modations in the horse sheds.Caseyville, Ky., three miles south,
was wiped out. The town hall, all the
churches and all frame buildings, were
carried down the Ohio. Two hundred
persons fled to the hills, where they
are being cared for by friends. At
Koven, Ky., ten miles south, and
normally two miles and a half from
the river, is marooned, except for boat
communication. Railroad traffic is
impossible, except for a few miles
each way, and the wagon roads are im-
passable. The coal mines were shut
down and all supplies being received
came in by small boats.

USE DYNAMITE AT WAUSAU

Logs and Flood Trash Jam on the
Bridges.Wausau, Wis., April 4.—The rivers
here are at a flood stage and reports
of heavy rains at the headwaters of
the Big Rib and Wisconsin rivers
cause fears that conditions will be
serious.Lowlands all about the city are al-
ready flooded and the railroad bridge
was closed as a precautionary mea-
sure. Logs and flood trash have
jammed on the bridges and dynamite
is being used to break a jam in the
northern part of the city.

CAPTURE GERMAN AIRSHIP

French Officials Seize Dirigible When
It Lands.Luneville, France, April 4.—The
landing in the parade grounds here
and seizure by the French authorities
of the German military dirigible Zepp-
pelin IV, has caused tremendous ex-
citement, notwithstanding the fact
that the German officers aboard the
airship explained that they had been
lost in the clouds and did not know
they had crossed the French frontier.The inhabitants of the Eastern fron-
tier regions of France have been much
agitated the last few weeks over re-
ports that German dirigibles had been
observed or heard nightly hovering
over the forts. But the stories, like
those of the phantom airship of Eng-
land, never were properly substan-
tiated.It requires the efforts of two com-
panies of infantry to keep the indig-
nant populace at a safe distance when
the balloon landed.

GEORGE H. HODGES.

Kansas Governor Declares All
Officials Must Enforce Laws.

MUST NOT AWAIT COMPLAINTS

Kansas Governor Denounces Officials
Who Delay Enforcing Laws.Topeka, Kan., April 4.—Officials
who fail to go out and seek offenders,
but instead wait until complaints are
filed, were charged with dereliction
and threatened with ouster by Gov-
ernor George H. Hodges in an address
to the county attorneys of Kansas,
meeting here in annual session."I have no sympathy with the idea
that county attorneys and other offi-
cers should act only when complaint is
made," said the governor."It is the duty of sheriffs and other
police officers to see that the laws are
obeyed, whether complaint is made or
not. Disregard of duty will not be
tolerated."VOICE FROM GRAVE
APPEALS TO COURTMrs. F. A. Heinze May Have Di-
vorce Record Expunged.New York, April 4.—The court that
parted F. Augustus Heinze, the copper
king, and his wife, Bernice, will be
besought to restore her to him in
death. It was Mrs. Heinze's dying
wish that this be done for the sake of
her child. Her lawyer, Benjamin F.
Shellman, began preparation of a re-
markable petition a few hours after
his client's death to expunge the re-
cord of the interlocutory decree already
granted."I have always loved you, Fritz; I
have always hoped something would
happen to bring you back to me"—the
dying woman's words of reconciliation
with her husband; the deathbed scene;
her tears and embraces; his assu-
rances of love; his promise to try to
fulfill her last wish—all these will be
written into the jurisprudence of the
state, together with the testimony, un-
der oath, of Mrs. Heinze's mother, her
sister and the nurse who stood near by.Never before has the supreme court
of New York been petitioned to ex-
punge the record of a divorce by a
voice from the grave.

PEOPLE BECOMING NERVOUS

Ice Gorge and High Water at Eau
Claire, Wis.Eau Claire, Wis., April 4.—The big
ice gorge in Chippewa river below
Chippewa Falls, which broke, reached
Eau Claire. The ice destroyed the
footbridge at the Dells dam, causing
damage of more than \$3,000. The ice
extends in a solid mass for some miles
up the river from the dam, but no
danger to the structure is expected.In the light of the Ohio and In-
diana flood horrors people here are
nervous, some living in lower sections
having gone so far as to move house-
hold goods upstairs.

FLAGLER IMPROVED.

West Palm Beach, Fla., April
4.—The condition of Henry M.
Flagler, who has been ill at his
home for several weeks, was
reported greatly improved. Mr.
Flagler took some nourishment
and his friends are hopeful for
his recovery. His physicians
are said to regard his condi-
tion as favorable.

FIND MAN'S BODY IN CELLAR

Police Had Been Looking for Him on
Charge of Uxoricide.Chisholm, Minn., April 4.—The body
of John Pontana, who, according to
the police, killed his wife with an axe,
was found in four feet of water in the
cellar of his home.Statewide search for the alleged
murderer had begun.The police were poking about in the
cellar water under the room where
Mrs. Pontana's body was found when
they discovered the man's body in
the deepest part of the pool.The police believe that after com-
mitting the murder of his wife Pon-
tana drowned himself.EQUINOX MATTER

BUREAU ATTACKS BELIEF.

Willis L. Moore, Official Expert, Asserts
Equinoctial Phenomenon Has Absolu-
tely Nothing to Do With Origin of
Disturbances of the Elements—Re-
cent Events Support Theorists.

By ARTHUR W. DUNN.

Washington, April 4.—[Special.]—
For many years the weather bureau
has been trying to convince the gen-
eral public that the equinoctial storm
is a myth. Willis L. Moore, the re-
tiring chief, brought down severe criti-
cism upon himself by once declaring
that the sun crossing the equinoxes
each spring and fall had as much to
do with the weather as the second cur-
ly of the pig's tail on the taste of the
bacon, or words to that effect.In late years the weather sharps
have about given up arguing the case.
They have said that storms occur in
the changing seasons, but the fact that
the sun crosses an imaginary line on the
surface of the earth has nothing what-
ever to do with causing the storms.But the weather sharps have receiv-
ed a severe jolt this year. The storms
about the period when the sun crossed
the tropic of Cancer on its northern
pilgrimage has made any argument of
these highly scientific men appear ab-
surd. Equinoctial storms? Why, of
course!

Other Scientific Scoffers.

There are more scientific men in
Washington than in any similar area
anywhere on the face of the earth.
They are men who want to have a prac-
tical demonstration on a scientific basis
before they will believe. The nonsci-
entists are having considerable amuse-
ment with the scientists these days be-
cause they scoffed so severely at the
long distance prognostications a few
months ago.Many of us read the direful forebod-
ings predicting wars in Europe, deaths
of kings, storms and disasters in this
and other countries and were of much
the same opinion as the Washington
scientists, but we didn't go to the front
and prove by science that the predic-
tions were impossible and guesswork.
And so these are sad days for those
men of science.

Democratic Simplicity.

We are going to have the same old
fight over again as to whether we
should send only rich men abroad or
pay them higher salaries, and it will
end in the declaration by the coming
Democratic congress that Jeffersonian
simplicity requires that we do not ap-
pe the extravagant expenditures of for-
eign courts and attempt to vie with
kings and nobles, but to return to Jeffer-
sonian simplicity, such as Ben
Franklin made famous when he was
minister to France, long before Jer-
ferson made doctrines for future gen-
erations.We may build a few more embassies,
but we will not increase salaries. Rich
men will be appointed to these impor-
tant posts—important in the way of
honor—or they may be filled by men of
small means who will not attempt to
make a grand display or what the
country people call a "splurge."

An Economical Diplomat.

One of the kingdoms of much display
and glory once sent to the United
States an envoy who was very frugal.
He lived in a few rooms in Washing-
ton; he picked up pens and pencils at
the state department; he used the
blank sheets of paper which accom-
panied notes from this government to
him upon which to write return mes-
sages and notes. The state depart-
ment could identify the paper.That man was an ambassador, and
if he did not become the dean of the
diplomatic corps he came very close to
it on account of his long service in this
capital. He accomplished such work
as was necessary between his country
and our own. He could not have done
more if he had been a lavish spender
and entertainer.

Third Party Color.

Vic Murdock as leader of the third
party in the house recalls the fact that
the last time there was a third party
in that legislative body he, too, was
red headed. That was Tom Watson,
the leader of the Populists, who after-
ward was the Populist nominee with
Bryan in 1896. It does not follow that
a third party leader must be red head-
ed, save only in disposition to push
things. In that regard Watson and
Murdock resemble each other.

Those Little Things.

The Florida and California Demo-
crats do not want the tariff reduced or
taken off citrus fruits; the Louisiana
Democrats do not want free sugar;
there are many southern Democrats
who do not want free lumber; Demo-
crats representing states along the
northern border do not want free agri-
cultural products; there are Texas
Democrats who do want free nuts and
other products which will come across
the Rio Grande from Mexico.And all these things have been giv-
ing trouble to the men making the tar-
iff. "Take it off the other fellow," is
what most of them want done. It was
General Hancock who said the tariff
was a "local issue."The Servant Girl.

MISS ETHEL ROOSEVELT.

Becomes Bride of
Dr. Richard Derby.

ETHEL ROOSEVELT A BRIDE

Former President's Daughter Married
at Oyster Bay.New York, April 4.—In striking con-
trast with the wedding of her half
sister Alice to Nicholas Longworth
was the ceremony that made Miss
Ethel Roosevelt the wife of Dr. Rich-
ard Derby.The marriage of Alice Roosevelt
probably was the most elaborate that
ever took place in Washington. The
ceremony was performed in the East
room of the White House and was at-
tended by prominent society people
from many parts of the country.Miss Ethel's wedding was one of
the simplest of the season. The cere-
mony took place in Christ Episcopal
church at Oyster Bay, N. Y. Three
clergymen officiated, among them the
rector of the church, Rev. George Tal-
mage. Only relatives and intimate
friends were invited to attend the
ceremony and the breakfast afterward
at Colonel Roosevelt's home, Sagam-
ore Hill.PEOPLE BECOMING
MORE CONFIDENTLevee at Cairo, Ill., Remains In-
tact Despite Strain.Cairo, Ill., April 4.—Rain falling in
a steady downpour and the rough flood
waters washing against the sacks of
sand piled on the concrete levee wall
changed conditions materially here. A
confidence seems to have sprung up
among the citizens.In spite of the climbing waters many
persons believe the levee will stand
any strain and if trouble does come it
will be an overflow and not a break.
Only a few inches separate the sur-
face of the water and the top of the
government gauge, which is fifty-five
feet. Two inches higher than this
would bring the water to the top of
the concrete wall, with only sand
bags to keep it back from the city's
business district.Above Eighteenth street, where the
wall stops, sand sacks are holding
back the flood now and although there
is a great seepage the volume of wa-
ter in the river has thus far failed to
force them.Ensign Melvin, in charge of the dis-
patch boat service between Cairo and
Mound City, Ill., reported that the
levee was still holding at the latter
place, but that the Ohio waters had
backed into Cache river to an alarm-
ing height and that the levee back of
the town appeared pitifully weak.Most of the 600 persons there are
now encamped in the courthouse, in-
cluding two companies of militiamen.
All women and children have either
left town or have been compelled to
do so.

ZION ELDER IS ARRESTED

Leads Decoy Voliva Squad at Factory,
but Marshal Gets Him.Zion City, Ill., April 4.—An elder of
the Zionist church was arrested here
as a result of continued disturbances
incident to the campaign of the Voliva
forces against smoking habits of em-
ployees of an electric plant which lo-
cated here some time ago against the
wishes of the church authorities.Two squads of crusaders were sent
out by Voliva to conduct the daily
prayer meeting under the walls of the
factory. One was a "decoy" squad to
attract the attention of the town mar-
shal, who has declared against the
meetings as likely to cause rioting.Marshal Hoover was on the alert,
however, and stopped both squads, ar-
resting Elder Frank Robinson as the
leader of the decoy squad.

STERILIZATION IN NEBRASKA

Bill Now Up to Governor of State
for Approval.Lincoln, Neb., April 4.—The house
passed the senate sterilization bill and
it now goes to Governor Morehead for
approval. The bill provides that op-
erations may be performed only on
persons, male and female, confined in
state institutions, penal and charitable.
A board is to be named by the state
board of control to make examina-
tions of epileptics and habitual crim-
inals where the degenerate strain is
regarded sufficient to make them a
menace. The subject for proposed
operation is to be allowed counsel at
such hearing.HUERTA DECIDES

PASSES COMPENSATION BILL

Senate Votes Unanimously on Im-
portant Measures.St. Paul, April 4.—The employers' li-
ability bill drafted by the special
senate committee appointed two years
ago passed the senate by unanimous
vote.No fight was made on the bill itself,
but several amendments were pro-
posed. Only one was adopted, that
exempting employers from liability
under the bill where they have in-
sured the risk in an approved insur-
ance company, except where the in-
surance company proves insolvent.The bill has taken features from
both the Wisconsin and the New Jer-
sey laws. It takes away from the em-
ployer all common law defenses, in-
cluding that of willful negligence, ex-
cept those of willful self-infliction or
drunkenness.The bill provides compensation for
all employees who are injured, except-
ing farm laborers and domestic ser-
vants and persons whose employment
is merely casual, and not in the usual
course of trade or business of the
employer. The compensation is to be
in graduated weekly payments, based
on the wages of the injured, the total
paid in case of death or permanent
disability not to exceed \$5,000.Nine bills on the house calendar
were passed. Among them was Kerry
Conley's bill reorganizing the fire mar-
shal's office, and P. H. McGarry's bill
providing that new counties must
have an assessed valuation of \$4,000,
000.

GATHER TO STUDY HISTORY

Delegates From Six Countries Meet
in London.London, April 4.—Delegates from
the United States, France, Germany,
China, Russia and the British empire
met here for a week's session of the
International Congress of Historical
Studies.The congress is under the patron-
age of King George and is presided
over by Adolphus W. Ward, Cam-
bridge university, in the absence of
James Bryce, British ambassador to
the United States, who is still in
Washington.The presidential address, written by
Ambassador Bryce, was read.

LARGEST SHIP IS LAUNCHED

Vaterland Will Carry Lifeboats for
All on Board.Hamburg, April 4.—The largest pas-
senger vessel in the world, 5,000 tons
bigger than the Imperator, also of the
Hamburg American line, was launched
here and christened the Vaterland by
Prince Rupprecht of Bavaria.She carries eighty-three lifeboats,
seventy of which can be launched
from either side so that they may be
utilized even if the ship has a heavy
list or during a storm. In the seventy
boats accommodation is provided for
all the 4,500 passengers and 1,200
crew. Two of the lifeboats are fitted
with motors.

WOMEN IN UGLY
FRAME OF MINDBritish Suffragettes Threaten to
Take Human Life.

PREDICT REIGN OF TERROR

Sentence of Three Years Imposed on
Mrs. Pankhurst Arouses the Fury
of Her Followers and at Widely
Scattered Meetings Speakers In-
dulge in Flery Utterances.

London, April 4.—The sentence of three years' penal servitude imposed on Mrs. Emmeline Pankhurst, the leader of the militant suffragettes, has aroused the fury of her followers and they threaten strong reprisals.

One of the militant leaders, in announcing the intentions of the suffragettes, went so far as to say that even human life would no longer be respected. In London, Glasgow and other places throughout the country enthusiastic meetings were held and every mention of Mrs. Pankhurst brought forth loud cheers.

One of the leaders, whose name is suppressed, gave out the following statement:

"Human life is now in peril, for we have resolved no longer to respect it, and trouble of all sorts must be faced."

This statement did not cause surprise, for the women, who at first only set fire to unoccupied houses, have made attacks in the last few days against occupied residences.

At Glasgow Mrs. Johns, one of the most militant among the suffragettes, declared that the militancy of the past would be "the merest pin pricks to what would happen almost at once all over the country." She described what the women intended to do as "the coming reign of terror."

"More Than Stagger Humanity."

Other women declared that what they would do would "more than stagger humanity."

Scotland Yard, aroused by the threats of the women, has sent out warnings to owners and tenants of property and the police everywhere are taking unusual precautions.

In closing a meeting held under the auspices of the Women's Social and Political Union Annie Kenney appealed to those who were indignant at the long sentence on Mrs. Pankhurst, to come forward in the next forty-eight hours and show their indignation by some definite deed.

"It is always the lawbreakers who make things go," she added.

Mrs. Kenney said she wondered if the judge in summing up realized that instead of stopping the agitation to win the vote he was only fanning the flames.

"Do they think," she asked, "that because Mrs. Pankhurst is in prison the women are going to sit down like a flock of sheep until she comes out? Militancy will go on and it will become more furious than ever."

There is little probability of Mrs. Pankhurst serving her sentence of three years in prison for inciting persons to commit damage. The suffragette leader will undoubtedly be released under Home Secretary McKenna's new bill permitting ticket-of-leave, which the suffragettes have christened "the cat and mouse bill."

MRS. PANKHURST IS GUILTY

Militant English Suffragette Is Given
Three Years.

London, April 4.—Mrs. Emmeline Pankhurst, the leader of the militant suffragettes, was found guilty and sentenced to three years' penal servitude at the Old Bailey sessions on the charge of inciting persons to commit damage in connection with the explosion at the home of Lloyd-George.

When Justice Lush pronounced her sentence he was greeted with hisses and bores by the women in the court-room, despite the efforts of policemen to keep them quiet.

The jurors, in delivering their verdict of guilty, unanimously begged the magistrate to show mercy to the convicted woman.

Mrs. Pankhurst almost broke down when the jury pronounced its verdict.

RIVER FLOODS MARINETTE

Homes in Three Square Blocks Are
Surrounded by Water.

Marinette, Wis., April 4.—Marinette, after sixteen hours of terrific down-pour, is getting a taste of flood. Homes in three square blocks are surrounded by water. A ten-mile current is flowing in Minneapolis street. A half dozen families are cut off from fuel supply and are suffering from cold. The Menominee river is four feet above the normal stage. Some apprehension is felt for the safety of dams.

FIND HUNTED MAN A CORPSE

Montana Murderer Takes His Own
Life by Shooting.

Great Falls, Mont., April 4.—Lying in a cabin several miles from the sheep camp where several days ago he killed Peter Wood in an unprovoked attack the body of Thomas Roberts was found by a posse headed by Sheriff Komers. Roberts had shot himself through the head with the same weapon used to kill Wood.

MUST NOT AWAIT COMPLAINTS

Kansas Governor Denounces Officials
Who Delay Enforcing Laws.

Topeka, Kan., April 4.—Officials who fail to go out and seek offenders, but instead wait until complaints are filed, were charged with dereliction and threatened with ouster by Governor George H. Hodges in an address to the county attorneys of Kansas, meeting here in annual session.

"I have no sympathy with the idea that county attorneys and other officers should act only when complaint is made," said the governor.

"It is the duty of sheriffs and other police officers to see that the laws are obeyed, whether complaint is made or not. Disregard of duty will not be tolerated."

VOICE FROM GRAVE
APPEALS TO COURTMrs. F. A. Heinze May Have Di-
vorce Record Expunged.

New York, April 4.—The court that parted F. Augustus Heinze, the copper king, and his wife, Bernice, will be besought to restore her to him in death. It was Mrs. Heinze's dying wish that this be done for the sake of her child. Her lawyer, Benjamin F. Shellman, began preparation of a remarkable petition a few hours after his client's death to expunge the record of the interlocutory decree already granted.

"I have always loved you, Fritz; I have always hoped something would happen to bring you back to me"—the dying woman's words of reconciliation with her husband; the deathbed scene; her tears and embraces; his assurances of love; his promise to try to fulfill her last wish—all these will be written into the jurisprudence of the state, together with the testimony, under oath, of Mrs. Heinze's mother, her sister and the nurse who stood near by.

Never before has the supreme court of New York been petitioned to expunge the record of a divorce by a voice from the grave.

PEOPLE BECOMING NERVOUS

Ice Gorge and High Water at Eau
Claire, Wis.

Eau Claire, Wis., April 4.—The big ice gorge in Chippewa river below Chippewa Falls, which broke, reached Eau Claire. The ice destroyed the footbridge at the Dells dam, causing damage of more than \$3,000. The ice extends in a solid mass for some miles up the river from the dam, but no danger to the structure is expected.

In the light of the Ohio and Indiana flood horrors people here are nervous, some living in lower sections having gone so far as to move household goods upstairs.

FLAGLER IMPROVED.

West Palm Beach, Fla., April 4.—The condition of Henry M. Flagler, who has been ill at his home for several weeks, was reported greatly improved. Mr. Flagler took some nourishment and his friends are hopeful for his recovery. His physicians are said to regard his condition as favorable.

FIND MAN'S BODY IN CELLAR

Police Had Been Looking for Him on
Charge of Uxoricide.

Chisholm, Minn., April 4.—The body of John Fontana, who, according to the police, killed his wife with an axe, was found in four feet of water in the cellar of his home.

Statewide search for the alleged murderer had begun.

The police were poking about in the cellar water under the room where Mrs. Fontana's body was found when they discovered the man's body in the deepest part of the pool.

The police believe that after committing the murder of his wife Fontana drowned himself.

EQUINOX MATTER
OF SPECULATIONScientists at Capital Theorize
Over Storms.

BUREAU ATTACKS BELIEF.

Willis L. Moore, Official Expert, Asserts
Equinoctial Phenomenon Has Absolu-
tely Nothing to Do With Origin of
Disturbances of the Elements—Re-
cent Events Support Theorists.

By ARTHUR W. DUNN.

Washington, April 4.—[Special.]—For many years the weather bureau has been trying to convince the general public that the equinoctial storm is a myth. Willis L. Moore, the retiring chief, brought down severe criticism upon himself by once declaring that the sun crossing the equinoxes each spring and fall had as much to do with the weather as the second curl of the pig's tail on the taste of the bacon, or words to that effect.

In late years the weather sharps have about given up arguing the case. They have said that storms occur in the changing seasons, but the fact that the sun crosses an imaginary line on the surface of the earth has nothing whatever to do with causing the storms.

But the weather sharps have received a severe jolt this year. The storms about the period when the sun crossed the tropic of Capricorn on its northern pilgrimage has made any argument of these highly scientific men appear absurd. Equinoctial storms? Why, of course!

Other Scientific Scoffers.

There are more scientific men in Washington than in any similar area anywhere on the face of the earth. They are men who want to have a practical demonstration on a scientific basis before they will believe. The nonscientists are having considerable amusement with the scientists these days because they scoffed so severely at the long distance prognosticators a few months ago.

Many of us read the direful forebodings predicting wars in Europe, deaths of kings, storms and disasters in this and other countries and were of much the same opinion as the Washington scientists, but we didn't go to the front and prove by science that the predictions were impossible and guesswork. And so these are sad days for those men of science.

Democratic Simplicity.

We are going to have the same old fight over again as to whether we should send only rich men abroad or build residences for them to live in or pay them higher salaries, and it will end in the declaration by the coming Democratic congress that Jeffersonian simplicity requires that we do not ape the extravagant expenditures of foreign courts and attempt to vie with kings and nobles, but to return to Jeffersonian simplicity, such as Ben Franklin made famous when he was minister to France, long before Jefferson made doctrines for future generations.

We may build a few more embassies, but we will not increase salaries. Rich men will be appointed to these important posts—important in the way of honor—or they may be filled by men of small means who will not attempt to make a grand display or what the country people call a "splurge."

An Economical Diplomat.

One of the kingdoms of much display and glory once sent to the United States an envoy who was very frugal. He lived in a few rooms in Washington; he picked up pens and pencils at the state department; he used the blank sheets of paper which accompanied notes from this government to him upon which to write return messages and notes. The state department could identify the paper.

That man was an ambassador, and if he did not become the dean of the diplomatic corps he came very close to it on account of his long service in this capital. He accomplished such work as was necessary between his country and our own. He could not have done more if he had been a lavish spender and entertainer.

Third Party Color.

Vic Murdock as leader of the third party in the house recalls the fact that the last time there was a third party in that legislative body he, too, was leader. That was Tom Watson, the leader of the Populists, who afterward was the Populist nominee with Bryan in 1896. It does not follow that a third party leader must be red headed, save only in disposition to push things. In that regard Watson and Murdock resemble each other.

Those Little Things.

The Florida and California Democrats do not want the tariff reduced or taken off citrus fruits; the Louisiana Democrats do not want free sugar; there are many southern Democrats who do not want free lumber; Democrats representing states along the northern border do not want free agricultural products; there are Texas Democrats who do want free nuts and other products which will come across the Rio Grande from Mexico.

And all these things have been giving trouble to the men making the tariff. "Take it off the other fellow." It is what most of them want done. It was General Hancock who said the tariff was a "local issue."

MISS ETHEL ROOSEVELT.

Becomes Bride of
Dr. Richard Derby.

ETHEL ROOSEVELT A BRIDE

Former President's Daughter Married
at Oyster Bay.

New York, April 4.—In striking contrast with the wedding of her half sister Alice to Nicholas Longworth was the ceremony that made Miss Ethel Roosevelt the wife of Dr. Richard Derby.

The marriage of Alice Roosevelt probably was the most elaborate that ever took place in Washington. The ceremony was performed in the East room of the White House and was attended by prominent society people from many parts of the country.

Miss Ethel's wedding was one of the simplest of the season. The ceremony took place in Christ Episcopal church at Oyster Bay, N. Y. Three clergymen officiated, among them the rector of the church, Rev. George Talmage. Only relatives and intimate friends were invited to attend the ceremony and the breakfast afterward at Colonel Roosevelt's home, Sagamore Hill.

PEOPLE BECOMING
MORE CONFIDENTLevee at Cairo, Ill., Remains In-
tact Despite Strain.

Cairo, Ill., April 4.—Rain falling in a steady downpour and the rough flood waters washing against the sacks of sand piled on the concrete levee wall changed conditions materially here. A confidence seems to have sprung up among the citizens.

In spite of the climbing waters many persons believe the levee will stand any strain and if trouble does come it will be an overflow and not a break. Only a few inches separate the surface of the water and the top of the government gauge, which is fifty-five feet. Two inches higher than this would bring the water to the top of the concrete wall, with only sand sacks to keep it back from the city's business district.

Above Eighteenth street, where the wall stops, sand sacks are holding back the flood now and although there is a great seepage the volume of water in the river has thus far failed to force them.

Ensign Melvin, in charge of the dispatch boat service between Cairo and Mound City, Ill., reported that the levee was still holding at the latter place, but that the Ohio waters had backed into Cache river to an alarming height and that the levee back of the town appeared pitifully weak.

Most of the 600 persons there are now encamped in the courthouse, including two companies of militiamen. All women and children have either left town or have been compelled to do so.

ZION ELDER IS ARRESTED

Leads Decoy Voliva Squad at Factory,
but Marshal Gets Him.

Zion City, Ill., April 4.—An elder of the Zionist church was arrested here as a result of continued disturbances incident to the campaign of the Voliva forces against smoking habits of employees of an electric plant which located here some time ago against the wishes of the church authorities.

Two squads of crusaders were sent out by Voliva to conduct the daily prayer meeting under the walls of the factory. One was a "decoy" squad to attract the attention of the town marshal, who has declared against the meetings as likely to cause rioting.

Marshal Hoover was on the alert, however, and stopped both squads, arresting Elder Frank Robinson as the leader of the decoy squad.

STERILIZATION IN NEBRASKA

Bill Now Up to Governor of State
for Approval.

Lincoln, Neb., April 4.—The house passed the senate sterilization bill and it now goes to Governor Morehead for approval. The bill provides that operations may be performed only on persons, male and female, confined in state institutions, penal and charitable. A board is to be named by the state board of control to make examinations of epileptics and habitual criminals where the degenerate strain is regarded sufficient to make them a menace. The subject for proposed operation is to be allowed counsel at such hearing.

HUERTA DECIDES
TO STEP DOWN

PASSES COMPENSATION BILL

Senate Votes Unanimously on Im-
portant Measures.

St. Paul, April 4.—The employers' liability bill drafted by the special senate committee appointed two years ago passed the senate by unanimous vote.

No fight was made on the bill itself, but several amendments were proposed. Only one was adopted, that exempting employers from liability under the bill where they have insured the risk in an approved insurance company, except where the insurance company proves insolvent.

The bill has taken features from both the Wisconsin and the New Jersey laws. It takes away from the employer all common law defenses, including that of willful negligence, except those of willful self-infliction or drunkenness.

The bill provides compensation for all employees who are injured, excepting farm laborers and domestic servants and persons whose employment is merely casual, and not in the usual course of trade or business of the employer. The compensation is to be in graduated weekly payments, based on the wages of the injured, the total paid in case of death or permanent disability not to exceed \$5,000.

Nine bills on the house calendar were passed. Among them was Kerry Conley's bill reorganizing the fire marshal's office, and P. H. McGarry's bill providing that new counties must have an assessed valuation of \$4,000,000.

GATHER TO STUDY HISTORY

Delegates From Six Countries Meet
in London.

London, April 4.—Delegates from the United States, France, Germany, China, Russia and the British empire met here for a week's session of the International Congress of Historical Studies.

The congress is under the patronage of King George and is presided over by Adolphus W. Ward, Cambridge university, in the absence of James Bryce, British ambassador to the United States, who is still in Washington.

The presidential address, written by Ambassador Bryce, was read.

LARGEST SHIP IS LAUNCHED

Vaterland Will Carry Lifeboats for
All on Board.

Hamburg, April 4.—The largest passenger vessel in the world, 5,000 tons bigger than the Imperator, also of the Hamburg American line, was launched here and christened the Vaterland by Prince Rupprecht of Bavaria.

She carries eighty-three lifeboats, seventy of which can be launched from either side so that they may be utilized even if the ship has a heavy list or during a storm. In the seventy boats accommodation is provided for all the 4,500 passengers and 1,200 crew. Two of the lifeboats are fitted with motors.

Pedro Lascurain Will Become
President of Mexico.

MAY SATISFY ALL FACTIONS

Incoming Provisional President Will

Serve Out the Unexpired Term of the Late Francisco I. Madero—Insurrectionists in the Northern Part of the Country Are Expected to Accept This Arrangement.

El Paso, Tex., April 4.—To satisfy all factions General Huerta has agreed to the naming of Pedro Lascurain as provisional president, said advices received here directly from the national capital. Lascurain would serve out the incomplete term of the late President Madero.

As minister of exterior relations in Madero's former cabinet Lascurain is entitled to serve as next in line, in view of the death of Madero and Vice President Suarez. The Huerta cabinet would be retained by the compromise.

This arrangement, it is said, has been offered to the constitutionalists now fighting the Huerta government in Northern Mexico. It is declared that Governor Carranza of Coahuila has agreed and that the Sonora insurrectionists will fall in line.

The decision of the present provisional president is said to have been occasioned by the recent uprising of Zapata in the south, which places the Huerta forces between two fires.

Mexican military men here estimate that Huerta has not more than 14,000 troops in all Mexico with which to meet the situation. This is even less than Porfirio Diaz possessed in combating the Madero revolution. Madero on taking office began recruiting volunteer troops with the ex-insurrecto corps as a basis.

In the meantime the regular army was not recruited to normal strength. The desertion to the opposing side of the majority of the volunteer groups has left the actual government forces far below par.

NO RECOGNITION OF MEXICO

Wilson Would Withhold It Until Stable
Government Is Established.

Washington, April 4.—President Wilson indicated informally what the attitude of this government would be toward Mexico, China and the Philippines.

Pending a settlement of affairs in Mexico, the holding of elections and the establishment of a stable government recognition probably will be withheld.

The Chinese republic is to be recognized next Tuesday, April 8, the meeting day of the new assembly.

With respect to the Philippines the president intends to see the pledge of the Democratic party for the ultimate independence of the Philippines is carried out, but he believes the date for the granting of independence is a debatable question and depends upon a thorough and nonpartisan investigation of conditions in the islands.

DUTY ON L.P.M. PRODUCTS

Final Touches Will Soon Be Put on
Tariff Bill.

Washington, April 4.—While the final touches have yet to be put on the bill it may be stated upon authority that practically all of the products of the farm will be continued on the dutiable list in the Democratic tariff revision measure that will be presented to the house next week. A week or so ago it looked as if wheat and other grains and practically all dairy products would be admitted free. Flour also was in a fair way to being transferred to the nondutiable list.

Representative Hammond of Minnesota, who is the spokesman on the ways and means committee of the agricultural West, bitterly opposed the free admittance of farm products and present indications are that his views will prevail.

COMIC OPERA COMEDIAN DIES

Thomas Q. Seabrooke Succumbs to
Pneumonia.

Chicago, April 4.—Thomas Q. Seabrooke, a comic opera comedian for twenty years, died of pneumonia at a hotel here. He was fifty-three years old and his home was in New York city. He had been in ill health for several years. Recently he has been in vaudeville and was in Chicago filling engagements.

An inheritance of \$150,000 came to the comedian last month and two weeks ago he was married to Miss Mattie Quin, a vaudeville actress. Mrs. Seabrooke left Chicago shortly after the wedding to fill engagements at Sault Ste. Marie, Mich.

There will be a meeting for men
only at the Y. M. C. A. Sunday after-
noon at four o'clock led by Evange-
list E. H. Rasmussen. This will be
a very interesting meeting and will
be worth attending as Mr. Rasmus-
sen is a very interesting speaker and
he will have a special talk for the
men. A cordial invitation is ex-
tended to all men. There will be
special music for the occasion.

Mrs. Kate O'Connor was pleas-
antly surprised on the occasion of her
birthday Tuesday afternoon. Cards
were played and other amusements
indulged in. The hostess served a
dainty luncheon. She was presented
with many handsome presents as a
reminder of the day. Those present
were Mesdames J. M. Taylor, William
Betts, Wm. Barron, Funk, Maloney,
Anna Scharfen, B. McGill, J. J. Cum-
mins, A. G. Elliot, James Nolan, Joseph
Murphy, C. P. McLean, T. E.
Tooley and James Dougherty.

Murphy's**MUSIC AND DRAMA****"Girl of the Eagle Ranch"**

Coming soon at the Brainerd op-
era house, "The Girl of the Eagle
Ranch." Wait for it. You will see
the best western play ever written,
says the advance agent of the com-
pany.

"The Great Divide"

"The Great Divide" attracted a
fairly large audience to the Brainerd
opera house. The atmosphere of the
picturesque west was faithfully cre-
ated. The production was handsome
and complete in every detail and sat-
isfied all who had the pleasure of
witnessing it.

"The Rosary"

"The Rosary," Rowland and Clif-
ford's theatrical success which will be
seen at the Brainerd opera house on
Friday evening, April 4, tells a story
of a modern Garden of Eden in which
the serpent enters in the form of a
rejected suitor, who wrecks the home
and happiness of a married couple by
playing upon the jealousy of the hus-
band.

There is diffused throughout the
drama a remarkable air of purity,
faith and hope from the opening
scene, which pictures the happy cou-
ple about to celebrate their second
anniversary, to the last act when the
twain, broken in health and fortune,
and wrecked by jealousy come like
two weary children at the feet of the
old priest who has fathered them
throughout their troubles. The story
is interestingly told.

REST AND HEALTH TO MOTHER AND CHILD.
Mrs. Winslow's SOOTHING SYRUP has been
used for over SIXTY YEARS BY MILLIONS OF
MOTHERS FOR THEIR CHILDREN WHILE
SUFFERING FROM COLIC, WHOOPING COUGH,
DIARRHOEA, AND ALL THE BRUISES AND
SKIN AFFECTIONS OF INFANCY. IT IS A
SAFE AND SURE REMEDY FOR ALL THE
SICKNESS OF CHILDREN. It is a
SWEET AND PLEASANT SYRUP, AND IS
THE ONLY ONE OF ITS KIND. It is
the only one that is safe and sure.
Twenty-five cents a bottle.

The Light of Aden.

Kerosene is the universal illuminant
around Aden, Arabia. The poorer na-
tives cannot afford lamps, but use con-
tainers of a gill capacity, with a slender
wick, costing one cent. The result
is a dim and flickering light.

Not Lazy.

"And you say the public can be sep-
arated from its money?"
"Without effort."

For Hair Health

If Rexall "93" Hair Tonic does
not improve the health of your
scalp and hair, we will pay for
what you use during the trial.

We could not so strongly endorse
Rexall "93" Hair Tonic and continue
to sell it to the same people if it did
not do all we claim. Should it not
prove entirely satisfactory our cus-
tomers would lose faith in us, we
would lose their patronage, and our
business would suffer.

If your hair is falling out or you
suffer from scalp trouble, we believe
Rexall "93" Hair Tonic will do more
to eradicate the dandruff, give health
to the scalp, stimulate new hair
growth and prevent premature bald-
ness than any other human agency.

We want you to make us prove this.
We ask you to risk no money
whatever. Buy a bottle of Rexall
"93" Hair Tonic, use it according to
directions for thirty days; then if
you are not entirely satisfied, come
and tell us and we will promptly hand
back the money you paid us for it.

We won't ask you to sign any-
thing, nor even to bring the bottle
back. We won't obligate you in
any way. We will take your mere
word. Could anything be more fair?
Could we do anything more to prove
our belief in Rexall "93" Hair Tonic,
and our honesty of purpose in recom-
mending it to you?

Rexall "93" Hair Tonic is as pleas-
ant to use as spring water and has
a faint, pleasing odor. It comes
in two sizes of bottles, 50c and \$1.00.
You can buy Rexall "93" Hair Tonic

JOINT MEETING OF FOUR SOCIETIES

Park Region, Upper Mississippi, Red River and Clay-Becker Medical Societies to

MEET AT WADENA APRIL 5TH

Drs. A. W. Ide, R. A. Beise and J. A. Thabes of Brainerd, to Take Part in Program

An event unique in the annals of medical societies is the joint meeting of four organizations, the Park Region District, the Upper Mississippi, the Red River Valley and the Clay-Becker medical societies, at Wadena on April 5.

In the invitation addressed to the members by the secretaries of the various organizations it is stated that this is the first attempt of this nature in this section and a good and profitable time is assured.

The program follows: 2 P. M. Intraperitoneal hemorrhage, causes, symptoms, treatment. Dr. Archibald MacLaren, of St. Paul. Discussion opened by Dr. A. W. Ide of Brainerd.

2:30 P. M. Some problems in preventive medicine. Dr. O. M. Haugan, Fergus Falls. Discussion opened by Dr. Olof Th. Sherping, Fergus Falls.

3:00 P. M. The treatment of cystitis. Dr. R. A. Beise of Brainerd. Discussion opened by Dr. J. G. Millspaugh, of Little Falls.

DEATH OF MRS. A. J. SWANSON

Known to Many, the Kindly and Charitable Lady Passed Away Following an Operation

Mrs. Nellie Swanson, the wife of Andrew J. Swanson, passed away at a local hospital at 10:45 last night, death being due to peritonitis.

She was born July 27, 1857 at Wissetofta, Skone, Sweden, and was the daughter of Mr. and Mrs. Nilsson. She was married in 1881 to Andrew J. Swanson at Hallaryd, Smoland, Sweden, and came to this country in 1888, two years after her husband. They resided at Gull River until 1890 and the family then removed to Brainerd where they had ever since resided. Eight children were born to them of whom seven are living, Jennie C. Swanson having died in 1898.

The children living are Gothfred S. Swanson, the county attorney; Hilding A. Swanson, lawyer; Edwin Oscar Swanson, student at university of Minnesota; John Albert Swanson, machinist; Hannah A. Swanson, attending high school; Ellen Mable Swanson, attending high school; William Jennings Swanson, attending school. She leaves besides her family three brothers and two sisters, one of whom, Mrs. John Headman lives in this city. She also had relatives in Chicago and Galesburg, Ill.

Mrs. Swanson was widely known because of her kindly manner and her charitable nature. Many are the families she has assisted. She was a devoted member of the Swedish Lutheran church and attended church constantly and fully exemplified in her daily life all its teachings. Many friends and neighbors will miss her now that she has gone to her reward.

She had not been in good health for a year, but her illness was not considered serious until about a month ago when she was removed to the hospital where everything possible was done to save her. An operation was performed on Tuesday in the hopes of saving her. She rallied well, but her death was but a matter of hours. All were present at her bedside except Edwin O. Swanson who had been notified and reached home early this morning. Mrs. Swanson was a member of the Modern Brotherhood of America.

The funeral will be held Sunday afternoon at 2:30 from the residence, 1220 Norwood street, Southeast and at three o'clock from the Swedish Lutheran church, the pastor, Rev. E. Carlsson officiating and being assisted by Rev. W. J. Lowrie. Interment will be in Evergreen cemetery.

BASEBALL HITS

The Eagles Organizing a Team—Bush the Star Feature of Athletic-National Game

Steps are being taken for the organization of an Eagle baseball team and Manager D. A. Peterson has addressed a call to the aspiring players who wish to have a try out to come and sign the roster tonight at his store.

Philadelphia, April 2—In a close and well played game the Philadelphia Americans defeated the local Nationals today by the score of 2 to 1. The pitching was the feature of the game and Leslie Bush, recently acquired by the Athletics, also won the opening game of the spring series yesterday.

Athletics—1 0 0 0 0 0 0 1—2
Nationals—0 0 0 0 0 0 0 1—1
Batteries—Bush and Thomas, Chalmers, Marshall, Mayer and Doolin, Kellifer, Umpires, Connolly and Klem.

Bush played right field in the Athletics-Pennsylvania university game preceding the city series. He got one hit and scored four putouts. The Athletics rolled up a score of 9 to 0.

JOINT MEETING OF FOUR SOCIETIES

Park Region, Upper Mississippi, Red River and Clay-Becker Medical Societies to

MEET AT WADENA APRIL 8TH

Drs. A. W. Ide, R. A. Beise and J. A. Thabes of Brainerd, to Take Part in Program

An event unique in the annals of medical societies is the joint meeting of four organizations, the Park Region District, the Upper Mississippi, the Red River Valley and the Clay-Becker medical societies, at Wadena on April 8.

In the invitation addressed to the members by the secretaries of the various organizations it is stated that this is the first attempt of this nature in this section and a good and profitable time is assured.

DEATH OF MRS. A. J. SWANSON

Known to Many, the Kindly and Charitable Lady Passed Away Following an Operation

Mrs. Nellie Swanson, the wife of Andrew J. Swanson, passed away at a local hospital at 10:45 last night, death being due to peritonitis. She was born July 27, 1857 at Wissetofta, Skone, Sweden, and was the daughter of Mr. and Mrs. Nilsson. She was married in 1881 to Andrew J. Swanson at Hallaryd, Smoland, Sweden, and came to this country in 1888, two years after her husband. They resided at Gull River until 1890 and the family then removed to Brainerd where they had ever since resided. Eight children were born to them of whom seven are living, Jennie C. Swanson having died in 1898.

The children living are Gotfred S. Swanson, the county attorney; Hilding A. Swanson, lawyer; Edwin Oscar Swanson, student at university of Minnesota; John Albert Swanson, machinist; Hannah A. Swanson, attending high school; Ellen Mable Swanson, attending high school; William Jennings Swanson, attending school. She leaves besides her family three brothers and two sisters, one of whom, Mrs. John Headman lives in this city. She also had relatives in Chicago and Galesburg, Ill.

Mrs. Swanson was widely known because of her kindly manner and her charitable nature. Many are the families she has assisted. She was a devoted member of the Swedish Lutheran church and attended church constantly and fully exemplified in her daily life all its teachings. Many friends and neighbors will miss her now that she has gone to her reward.

She had not been in good health for a year, but her illness was not considered serious until about a month ago when she was removed to the hospital where everything possible was done to save her. An operation was performed on Tuesday in the hopes of saving her. She rallied well, but her death was but a matter of hours. All were present at her bedside except Edwin O. Swanson who had been notified and reached home early this morning. Mrs. Swanson was a member of the Modern Brotherhood of America.

The funeral will be held Sunday afternoon at 2:30 from the residence, 1220 Norwood street, Southeast and at three o'clock from the Swedish Lutheran church, the pastor, Rev. E. O. Carlsson officiating and being assisted by Rev. W. J. Lowrie. Interment will be in Evergreen cemetery.

The sympathy of their many friends is extended to the family in its sad bereavement.

Notice

The members of M. B. A. lodge are requested to meet at the lodge rooms Sunday at 1:00 P. M. to attend the funeral of our deceased sister, Mrs. Nellie A. Swanson.

KWITCHYERKICKEN

A Spirit of Boosting and Optimism Will Do Much to Impress the Stranger Visiting City

"There is one thing Brainerd people should remember," said a business man of a neighboring city, "and that is to speak a good word for Brainerd and its industries. It's only a small matter to boost. You will see every day strangers in Brainerd desiring to buy or invest and who are sizing up the town and its prospects by sounding its citizens. They may have been pleased with the proposition as presented by the outside agent

"But good Lord! Do you think a man will settle in Brainerd or go into business if he hears a chorus of knocks and a wall of discouragement? Frequently another man comes out with another proposition and knocks the man who was instrumental in getting the stranger to Brainerd. In such a case the stranger distrusts both the man who induced him to come to Brainerd and the local man who knocks the outside agent and in the end he steers clear of both and gains a remarkable opinion of this town."

BOOSTERS MEET TONIGHT

Election of Officers and Other Business to be Transacted in Gardner Auditorium

The Boosters club holds a meeting tonight at the Gardner auditorium. The secretary sent out the cards for this meeting place as the club has not had meetings for some time and has not yet formally accepted the generous offer of the Commercial club which organization tendered them the use of its rooms for meetings.

Officers are to be elected by the Boosters for the ensuing term and a large attendance is desired.

No matter how long you suffered, or what other remedies have failed to cure, Foley Kidney Pills will surely help you. They are genuinely tonic, strengthening and curative, build up the kidneys and restore their regular action. John Velbert, Foster, Calif., says: "I suffered many years with kidney trouble and could never get relief until I tried Foley Kidney Pills which effected a complete cure." H. P. What English Girls Read.

An enthusiastic young girl was trying to persuade an elderly aunt to borrow "The Sorrows of Satan" from a seaside lending library. "No, my dear," said the aunt faintly, "it is too deep." On the other hand, a working girl, choosing a book from the club library, told the librarian that she loved Mrs. Henry Wood's novels. "There is always a country house," she said, "with a courtyard, and in the courtyard is a well, and at the bottom of the well there's bones." It would be impossible to describe the thrill of enjoyment and emotion with which these words were said.—Mrs. Frederick Harrison in Nineteenth Century.

The Eagles Organizing a Team—Bush the Star Feature of Athletic-National Game

Steps are being taken for the organization of an Eagle baseball team and Manager D. A. Peterson has addressed a call to the aspiring players who wish to have a try out to come and sign the roster tonight at his store.

Philadelphia, April 2—In a close and well played game the Philadelphia Americans defeated the local Nationals today by the score of 2 to 1. The pitching was the feature of the game and Leslie Bush, recently acquired by the Athletics, also won the opening game of the spring series yesterday.

Athletics -- 1 0 0 0 0 0 0 1—2
Nationals -- 0 0 0 0 0 0 0 1—1
Batteries—Bush and Thomas. Chalmers, Marshall, Mayer and Doolin. Kellifer. Umpires, Connolly and Klem.

Bush played right field in the Athletics-Pennsylvania university game preceding the city series. He got one hit and scored four putouts. The Athletics rolled up a score of 9 to 0.

CROSS OR FEVERISH, HALF-SICK CHILDREN

If Tongue is Coated, Breath Bad, Stomach Sour, it Means a Torpid Liver and Clogged Bowels

Mother, Don't scold your cross peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad, has stomachache, diarrhoea, sore throat or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and foul constipated waste matter and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of figs, and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste clogged bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your child, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered. Advtd.

Stout Women Made Smaller—Not Only for a Day, but Permanently A Wonderful New Corset Invention

The makers state positively that these new Nemo Corsets not only reduce the figure immediately by the repression and readjustment of the flesh, but will make the figure permanently smaller by a process of automatic massage, whereby the surplus fat is softened, absorbed and taken away by natural processes.

Nemo Auto-Massage Self-Reducing

We haven't space to describe this ingenious new device; but our customers have learned that all Nemo claims are invariably made good. Come and see these two models:

No. 353—with low bust } \$3.50
No. 354—medium bust }

Very long modish skirt, wide triple Lastikops attachments, which insure perfect ease standing or seated.

A great \$3.50 value simply as a corset—and a marvelous value with these new features.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held April 1st, 1913

Board met at the court house at 10 o'clock a. m. with all members present.

Minutes of the last meeting were read and approved. Petition of seven freeholders to be set off with their lands, viz S 1/4 Sec. 23, and the S 1/4 Sec. 24, Twp. 45, Rge. 30 from school district No. 5 to District No. 4 was read and a hearing ordered before the board on May 6th, 1913 at 2 o'clock p. m.

Mr. Glasser representing the Great Northern Bridge Company was present presenting bills for the Crow Wing river bridge. The committee reported that the bridge was completed and accepted by the members from the three counties interested and the auditor was therefore instructed to write a warrant for \$1,165.00, this being the \$800 appropriation by this county and \$365 donated by the business men of Brainerd and deposited in the county treasury.

Petition of J. W. Holmes and others for a new road leading from the west end of the bridge at the dam through lot 1 and the NW 1/4 of SE 1/4 Sec. 34, Twp. 134, Rge. 28 was presented to the board and upon motion a hearing was ordered upon the same on Tuesday, May 6th 1913 at 2 o'clock p. m. and Mr. Poppenberg and Mr. Krech were appointed a committee to act with the chairman, said committee to meet on the route of the proposed road on Saturday, April 19th, 1913 at 2 o'clock p. m.

A letter was read from the town clerk of Smiley stating that a bridge across thoroughfare between Round and Gull lake must soon be replaced. He reported that the government expected soon to dredge the stream and put in a cement bridge and desired to know when this work would be done. The county auditor was instructed to correspond with the United States Engineer at St. Paul in regard to the matter.

Question of painting Ft. Ripley bridge was discussed and it was left with Commissioner Tucker to have the work done.

\$100 was set aside from the road and bridge fund to use town of Dean Lake to be used on mail route running through that town and \$100 to the town of Emily, to be used on the road between sections 9 and 16.

Board adjourned until 2 o'clock p. m.

All members present. On motion it was decided to adopt the northerly route for the Brainerd Duluth state rural highway and a resolution was adopted to proceed with the work under the provisions of chapter 251 of the laws 1911.

Petition for new school district at Ironton was next taken up. Attorneys Larson, McAlpine and others spoke in behalf of the petitioners while Attorney A. W. Uhl lead the discussion in opposition. A remonstrance was also filed by W. C. Brown and others in behalf of district No. 45 objecting to detaching section 9, township 46, range 29 from that district. The board did not consider it wise to divide the district at this time and a motion was made and duly carried to reject the petition.

The board of audit made the following report on the condition of the treasury March 31st, 1913:

Respectfully submitted,

J. A. ERICKSON,

Chairman County Board

J. F. SMART,

County Auditor.

W. A. M. JOHNSTON,

Clerk of District Court.

The poor condition of the deck of the Laurel street bridge was called to the attention of the board and upon motion the auditor was directed to advertise for bids for decking the same with creosote blocks.

The highway commission submitted plans for a concrete bridge across Little Nokay river on state road No. 1 between section 31 Daggett Brook and section 36 St. Mathias and the auditor was instructed to advertise for bids to be received May 6th, 1913 at 2 o'clock p. m.

It was agreed to have George Spees repaint the roof of the court house for the sum of \$20.00 as he proposed.

Petition of Chas. Hughes, R. Hodge, J. J. Johnson and John Montette to have county ditch No. 14 cleaned out, especially in the big cut just south of Hughes lake in section 31, township 44, range 31 was presented to the board and upon motion the work was ordered done and Engineer L. E. Garrison directed to attend to the work.

It was also ordered to clean out ditch No. 6 for some distance from the head waters of the same upon petition of Gust Carlson and Andrew Olson.

A motion was made and carried to set aside an additional \$300.00 from the general revenue fund to the county attorney's contingent fund.

A resolution was duly adopted designating the Deerwood-Bay Lake road as state highway No. 5.

Six applications were received for the position of road foreman and it was decided to engage Andrew Lind and Geo. H. Sinclair for this work at a salary of \$75.00 per month.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held April 1st, 1913

Board met at the court house at 10 o'clock a. m. with all members present.

Minutes of the last meeting were read and approved.

Petition of seven freeholders to be set off with their lands, viz S½ Sec. 23, and the S½ Sec. 24, Twp. 45, Rge. 30 from school district No. 5 to District No. 4 was read and a hearing ordered before the board on May 6th, 1913 at 2 o'clock p. m.

Mr. Glasser representing the Great Northern Bridge Company was present presenting bills for the Crow Wing river bridge. The committee reported that the bridge was completed and accepted by the members from the three counties interested and the auditor was therefore instructed to write a warrant for \$11,165.00, this being the \$800 appropriation by this county and \$365 donated by the business men of Brainerd and deposited in the county treasury.

Petition of J. W. Holmes and others for a new road leading from the west end of the bridge at the dam through lot 1 and the NW¼ of SE¼ Sec. 34, Twp. 134, Rge. 28 was presented to the board and upon motion a hearing was ordered upon the same on Tuesday, May 6th 1913 at 2 o'clock p. m. and Mr. Poppenberg and Mr. Kreech were appointed a committee to act with the chairman, said committee to meet on the route of the proposed road on Saturday, April 19th, 1913 at 2 o'clock p. m.

A letter was read from the town clerk of Smiley stating that a bridge across thoroughfare between Round and Gull lake must soon be replaced. He reported that the government expected soon to dredge the stream and put in a cement bridge and desired to know when this work would be done. The county auditor was instructed to correspond with the United States Engineer at St. Paul in regard to the matter.

Question of painting Ft. Ripley bridge was discussed and it was left with Commissioner Tucker to have the work done.

\$100 was set aside from the road and bridge fund to the town of Dean Lake to be used on mail route running through that town and \$100 to the town of Emily, to be used on the road between sections 9 and 16.

Board adjourned until 2 o'clock p. m.

All members present.
On motion it was decided to adopt the northerly route for the Brainerd Duluth state rural highway and a resolution was adopted to proceed with the work under the provisions of chapter 251 of the laws 1911.

Petition for new school district at Ironton was next taken up. Attorneys Larson, McAlpine and others spoke in behalf of the petitioners while Attorney A. W. Uhl lead the discussion in opposition. A remonstrance was also filed by W. C. Brown and others in behalf of district No. 45 objecting to detaching section 9, township 46, range 29 from that district. The board did not consider it wise to divide the district at this time and a motion was made and duly carried to reject the petition.

"Yes Sir, Those Are Patrick-Duluth Overalls!"

"We sell more of them than any other make. Why? Because Patrick-Duluth Overalls are made right, of the very best overall material. They have more features of comfort and convenience than any other—and they are so stout, so hard to wear out they are worth two pairs of the ordinary kind. The clerk knows. He knows quality in Overalls because he sells so many. He knows there is a big difference in Overalls because he has watched the daily sales."

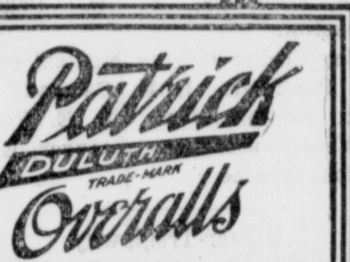

Insist That Your Next Pair Are Patrick-Duluth Overalls

They are big, roomy, very generous in cut. Just try on a pair. They fit right—they don't hamper you in any movement. They are the best your money can buy. Six pockets, all large. Extra large bib, elastic in suspenders; patent cast off; back cut unusually high. Notice the seams, double-stitched with six-cord thread—then you will understand why Patrick-Duluth Overalls don't run! Stout, heavy drill and denim materials that stand the severest strains of hard work.
